OUR STORY

Harmony Company Profile- Our Story

Harmony is an Egyptian company with resources within Egypt We work with specialized local and international partners to bring you the best of what the world has to offer

We provide graceful interior architecture & specialize in developing customized design and delivery modules. This enables us to deliver a consistently high standard of commercial fit outs in entire Egypt. Every element of delivery is supervised and monitored personally to meet the project requirement and client satisfaction as committed & keep the client updated on agreed time intervals.

We believe that it is our personal responsibility to deliver every project, to meet customer expectations on quality, budget & timeline. We understand that it is our accountability to ensure that the delivery of every project will remain as committed & keep the client updated on agreed time intervals.

OUR VISION

In every aspect of our lives, in every direction we go, there's always one turning point that takes everything to a whole new level. Even in physics, we call it a saturation point that holds any matter or substance turning from one form to another, hence, a turning point. By establishing Harmony we aspire to be that turning point in the industry.

OUR MISSION

We aspire to be the leading firm in the market by innovating new concepts for engineering services. We are always seeking new challenges and achieving new milestones

OUR VALUES

Harmony Company Profile- Our Values

Quality

We strive for excellence at every level of your project. We are constantly developing strategies as your project progresses, ensuring a safeguard and 'snag-free' finish at hand over.

Safety

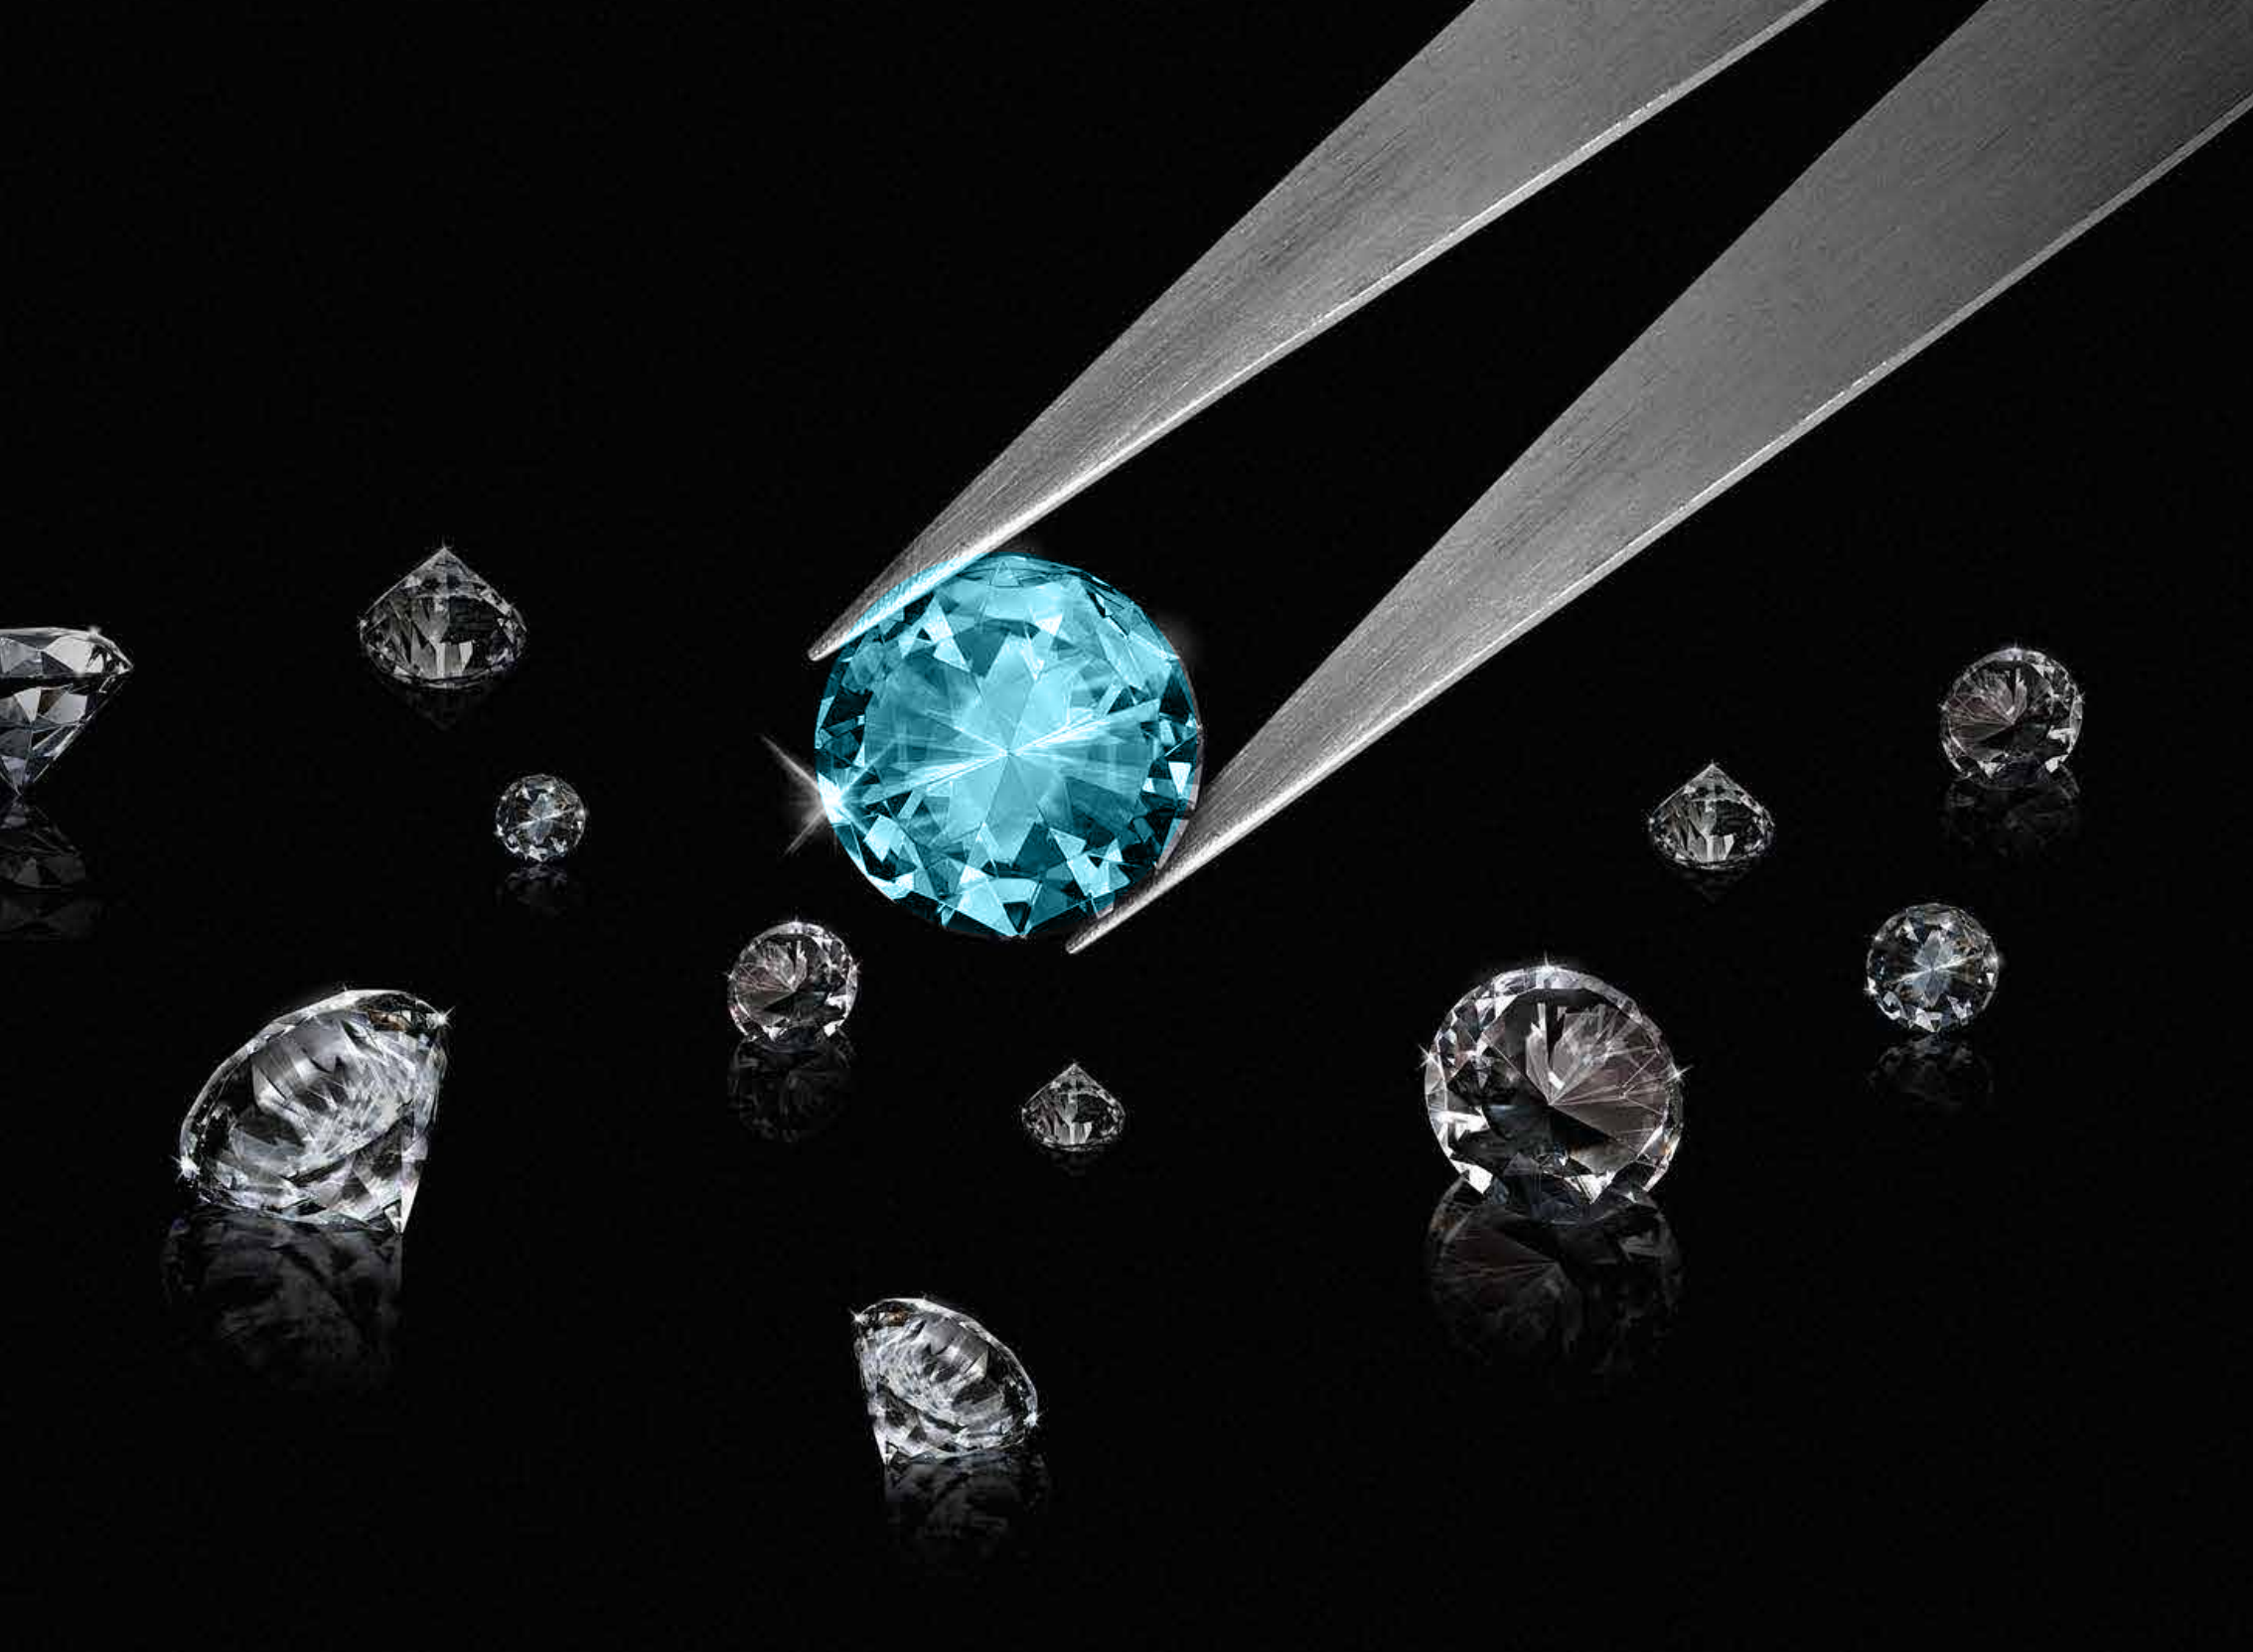

Health and safety is one of our key values, it is of utmost importance to us. We liaise with key personal to ensure all our sites are fully maintained and hazard free..

Communication

Our on-site team has an understanding of the whole spirit of the design ensuring a unified vision of the final project. We work together with our clients on an adhoc basis, constantly exchanging and developing ideas, to ensure the smooth execution of the project. We keep our clients informed through regular meetings and reports.
